

MARKET ANALYSIS

Russia Enterprise Application Software Forecast & Analysis, 2002-2007

Timur Faroukshin

IDC OPINION

TABLE OF CONTENTS

	P
In This Study	1
Methodology	1
Executive summary	1
Situation Overview	1
Market Characteristics	1
Economic and Political Environment	1
IT Environment	2
Information Technology Market Overview	2
General IT Trends	2
Drivers	2
Inhibitors	3
The Structure of the Enterprise Application Suite Market in Russia	3
Vendor Positioning	4
Changing Attitude to Investments in Software and Services in Russia	6
Increasing Labor Costs	6
Migration to More Powerful Solutions	6
End of Property Redistribution	6
Suppliers Driving Market Growth	6
Need for Foreign Investment	6
Duma and Presidential Elections	7
Industry Consolidation	7
New Generation of Managers	7
Increasing Functionality of Locally Developed EAS Software	7
Integration of EAS Systems	7
Growing Customer Experience	7
Worldwide Policies of Multinational Corporations	8
Localization of EAS Products	8
Taxation Policy	8
Creation of Groups of Companies	8
Automation of Companies with New Management	9
Automation of Relatively Young Companies	9
Automation of Companies Owned by Management	9
Immature Local EAS Software Products	9
Difficulties with Efficiency Evaluation	9
Lack of Skilled Consultants	10
Lack of Customer Confidence in Local Vendors	10
Overview of the Enterprise Application Suite Market by Functional Area	10
Accounting	11
Drivers	11
Inhibitors	11
Inventory Management	12

LIST OF TABLES

	P
1 Overview of Key Economic Indicators in Russia, 2001-2004	2
2 Vendor Market Share of Enterprise Application Suite License and Maintenance Revenue (US\$M) in Russia 2002	5
3 Overview of Enterprise Application Suite License & Maintenance Revenue (US\$M) According to Functional Area in Russia, 2002.....	11
4 Vendor Market Share of CRM License and Maintenance Revenue (US\$M) in Russia, 2002	14
5 Vendor Market Share of SCM License and Maintenance Revenue (US\$M) in Russia, 2002	15
6 Vendor Market Share of eCommerce License and Maintenance Revenue (US\$M) in Russia, 2002	16
7 Vendor Market Share of BI License and Maintenance Revenue (US\$M) in Russia, 2002.....	17
8 Overview of Enterprise Application Suite License & Maintenance Revenue (US\$M) According to Operating System Installation Environment in Russia, 2002	18
9 Overview of Enterprise Application Suite License and Maintenance Revenue (US\$M) by Non-Intel Platform Vendors in Russia, 2002	21
10 Overview of Enterprise Application Suite License & Maintenance Revenue (US\$M) According to Database Installation Environment in Russia, 2002	21
11 Overview of Enterprise Application Suite License & Maintenance Revenue (US\$M) According to Vertical Market in Russia, 2002.....	22
12 Overview of Enterprise Application Suite Installed Base According to End-User Segment in Russia, 2002	25
13 Overview of Enterprise Application Suite Installed Base According to Vertical Sector in Russia, 2002	28
14 General Forecast Assumptions for the EAS Market in Russia, 2002-2007	29
15 Key Assumptions on Vertical Sector Forecasts for the EAS Market in Russia, 2002-2007	32
16 Forecast and Analysis for Enterprise Application Suite License and Maintenance Revenue (US\$M) by Vertical Market for Russia, 2002-2007	36

LIST OF FIGURES

P

1	Overview of Enterprise Application Suite License & Maintenance Revenue (US\$M) According to Operating System Installation Environment in Russia, 2002	18
2	Overview of Enterprise Application Suite L&M Revenue (US\$M) According to Hardware Environment in Russia, 2002	20
3	Overview of Enterprise Application Suite L&M Revenue (US\$M) According to Non-Intel Platform Vendors in Russia, 2002	20
4	Overview of Enterprise Application Suite Installed Base According to End-User Segment in Russia, 2002	26
5	Overview of New 2002 Installation Customers According to End-User Segment in Russia, 2002	26
